Verbal Description

Modeled.

Censer fragment, probably from a modeled censer. Ellen did not

want to claim this as a figurine. Interior is sort of a rounded space & shows some evidence
of burning. Exterior is modeled in the shape of a rabbit. Two ears are visible, laid flat back
against the head. Brow shows tiny incised lines that look like whiskers. Eyeballs bulge out a little.
Paw on left side is folded up, as if the rabbit was lying down. There is a large lump under the
leg. The right half of the figure is broken. Rabbit features are incised in clay - looks like a
lump of clay was added & incised, but rabbit features were not modeled.

No paint, slip or other decoration.
